

# G2

## NEW GENERATION OF LASER DISTANCE METER

Household Decoration & Building  
Ideal Partner

### APPLICATION

G2 could be well used in household, engineering, construction building decoration activities.

## PRODUCT FEATURES

	<b>Outdoor Performance</b>	Adopted with advanced platform, its outdoor measurement performance has been highly increased!
	<b>2 inch display</b>	Large display enables reading easily.
	<b>Full functionality</b>	Full functionality well satisfied users' decoration or building measurement request.
	<b>Removable pocket clip</b>	User could easily carry it on pocket, belt, jacket or tool-pouch.
	<b>Robust &amp; High Durability</b>	Robust housing design well protected it from scratching, dropping.

## PRODUCT FEATURES

Model	G2	Memory	50 sets
Display Size	2.0 inches	Reference	Front/Rear Reference
Measuring Range(m)	40m/60m/80m/100m	Measuring Units	m/ft/in/ft+in
Accuracy	0.2-100m: $\pm(2.0\text{mm}+5\times 10^{-5}D)$	Laser Class	Class II
Display Type	Positive Broken Codes Display with Backlight	Auto Power Off	Automatically shut off after 3 minutes of inactivity
Single Measurement	√	Laser Type	630-670nm(<1mW)
Area Measurement	√	Battery Type	2*AAA Alkaline Battery
Volume Measurement	√	Storage Temperature	-10°C 60°C
Pythagoras 2 points	√	Operating Temperature	0°C~40°C
Pythagoras 3 points ①	√	Measuring life	50000 times
Pythagoras 3 points ②	√	Size	120*54*28.5mm
Buzzer	√	Weight	151g
